Note

shore area

we could just go until 60 m --> Hotel area

inaccessible --> private property or thicket forest

shore area

on the road - behind a Hotel

inaccessible --> private property or thicket forest

area of private property --> Casa Mafalda

we could just go until 80 m --> private property

shore area

near the road - edge of a forest

inaccessible --> private property or thicket forest

inaccessible --> private property or thicket forest

we could just go until 70 m --> private property

inaccessible --> private property or thicket forest

inaccessible --> private property or thicket forest

totally in the sea

in a "forest" - vegetation everywhere

inaccessible --> private property or thicket forest

we could just go until 70 m --> private property

inaccessible --> private property or thicket forest

inaccessible --> private property or thicket forest

totally in the sea

we could just go until 40 m --> private property

inaccessible --> private property or thicket forest

we could reach the point - opposite to a private property

inaccessible --> private property or thicket forest

we could just go until 60 m --> private property

inaccessible --> private property or thicket forest

inaccessible --> private property or thicket forest

inaccessible --> private property or thicket forest

Species name

Black Vulture
